

## **AquaBeads**<sup>®</sup>

Proprietary Gel Beads for Feed Attractant Top-Dressing and Hydration Supplementation Applications

**AquaBeads**<sup>®</sup> are a ready-to-use, 92% moisture gel bead designed for application as a top-dressing to starter feed at the time of placement to accelerate early discovery of feed and water for improved health and growth performance.

#### **Early Discovery of Feed and Water**

The sooner hatchlings discover and start consuming feed and water at placement, the quicker their digestive and immune systems will develop and provide a foundation for strong growth.

The key metrics for poultry producers for early performance–7-day mortality, body weight, gut development, disease resistance, overall livability–are positively impacted by proper hydration and nutrition provided by early access to feed and water.

#### **Clearly Better Quality**

- **Nutritional Hydration** Water gel bead enhanced with electrolytes and betaine to provide both hydration and nutrition supplementation.
- **Highly Attractant** Green color stimulates attraction to hatchlings to accelerate feed discovery.
- **Contaminant Free** Commercially sterile and independent laboratory tested.
- **Quality Assurance** Produced in an FDA approved facility with Certificates of Analysis available at www.clearh2o.com.

#### **Clearly Better Convenience**

- **Ready-To-Use** No measuring, mixing, or addition of water needed for easy and clean administration.
- Packaging 34 lb pail (60 pails/pallet)
- **Shelf Life** 12 months at room temperature. No refrigeration required if unopened.

#### Nutritional Information per 100g

(calculated from database figures)

Calories	18.6 kcal
Protein	0.1 g
Carbohydrates	4.5 g
Sugars	1.7 g
Dietary Fiber	1.2 g
Fat - total	0 g
Saturated Fat	0 g
Cholesterol	0.1 mg
Water	92-96 %
Calcium	190.6 mg
Potassium	73.2 mg
Sodium	151.3 mg
Iron	0.3 mg
Magnesium	0.1 mg

#### Ingredients

Purified Water, Corn Syrup, Hydrocolloids, Food Acids, Modified Food Starch, Electrolyte Blend, Calcium Acetate, Betaine, Food Colors, EDTA.

#### Instructions

- Apply as a feed top-dressing at a rate of 1-2 grams/hatchling/day at the time of placement.
- Applications may range from 1-3 days depending on hatchling and environmental conditions.

#### Shelf Life

12 months at room temperature. No refrigeration or special handling.

#### **Company Information**

ClearH<sub>2</sub>O<sup>®</sup> is committed to advancing animal research and agriculture with more effective and ethical hydration, nutrition, and medication delivery solutions utilizing our proprietary gel technology. Made in our FDA approved facility, ClearH<sub>2</sub>O<sup>®</sup> products are formulated with purified ingredients and highly palatable to optimize consumption. The ready to use, convenient product format with long-dated, room temperature shelf stability helps animal researchers and producers improve the health and welfare of their animals while optimizing research and productivity outcomes.
